It was the second day of our Duke of Edinburgh's Award expedition. A group of Silver and Bronze level students had hiked down to the Shoalhaven River near Bungonia (not far from Marulan). Ahead of us was a steep four kilometre hike out of the valley to finish the expedition.

During our Sunday devotion, I had delivered a ‘team’ talk to the students regarding safety and about the challenges they would face during their ascent to the top. The group then headed up the track with some of the staff and I was at the rear to ensure everybody was ahead of me and that no one had taken the wrong track.

Within 100 metres I came across a Year 9 student who was sobbing. Through the tears and the sobs I discovered that ‘she couldn’t possibly continue, it was too hard and that I should just leave her there’. After explaining that I couldn’t do that and she was too heavy for us to carry her out, she suggested I call the rescue helicopter. She assured me her parents would be willing to pay for the helicopter.

My earlier ‘team’ talk focussed on the challenges of the hike being similar to the challenges we sometimes face in real life. At times we feel overwhelmed and unable to deal with situations – it all seems too much. I explained that a steep climb can seem overwhelming and that it is a mental battle as well as a physical battle to complete. The advice to remember is to set smaller achievable goals (small steps), push through - ‘Just Do It’ (I call it the Nike principle) and gain support from the people around you.

I had linked my talk to the devotion, suggesting that in difficult situations we can ask for help and we are rarely alone. In many cases the people that can support us are parents, other family members, teachers and friends. They will walk with us in difficult times. I informed them that Christians believe that Jesus also walks with us. If we accept him into our lives, then he is with us in good times and in difficult times. The problem is we often will only talk to him when we need help.

Prayer is a powerful way of communicating with God. We may think our prayers will go unanswered or find that the answer we receive is not what we expect. We don’t always understand the bigger picture of God’s plan. Nevertheless, great comfort and strength can come from prayer, the sense that we are not alone and there is someone with us during the difficult times who can share the load.

The Year 9 student successfully completed the ascent out of the valley. We didn’t need to carry her or call the rescue helicopter. After a short rest and a reminder about my ‘team talk’ we decided to start together. She was able to complete the hike by:

- Setting achievable goals – we would identify a tree, rock or some other feature 100 metres or so up the track and walk to that point, then pick another feature and walk to that. Small steps and breaking down the huge hill into manageable sections.
- Encouraging her to push through the difficulties and realise she was making progress.
- Sharing the load. We didn’t pray this time but re-distributed her tent to my pack. We walked together. Some way up the hill she caught up with a group of her friends, who were also struggling, and she completed the hike with them. They supported one another – a shared experience.

Her sense of achievement, fulfilment and relief after completing the hike was huge. She was really pleased that she was able to overcome the challenge and finish. That was 10 years ago. Since then, there have been similar stories with other students. The Duke of Edinburgh program teaches students unique skills, encourages self-sufficiency, develops resilience and shapes the character of participants. These are all part of life lessons and part of the ‘Second Education’ we offer at WAC.
**Pastoral Matters**

**Foundation Day**
Foundation Day will take place this year on Friday, 10 June. The focus of the day is to raise funds for missions that are supported by the College. Students are asked to bring in $5.00 each or $10.00 per family to contribute toward missions fundraising. In the lead-up to Foundation Day students will learn about some of the missions supported and participate in some service based programs to gain greater appreciation for the important role they can play serving the needs of others.

The collection of Foundation Day money will take place on Wednesday, 8 June to Friday, 10 June during Roll Call time. An earlier lunch will be taken on the day and the afternoon will consist of a T-12 event where students spectate the Relays component of the Athletics Carnival.

There are two shields that are presented on the day, one for the House Fundraising Champion which is currently held by Telopea and the other for the Activities Champion which is determined by the House that gains the most points in the Relays afternoon. These shields will be presented on the day to the House Captains of the winning House. Relay runners and House Captains will be asked to ensure they are present at the WACA prior to the rest of the College moving to spectate the races.

This is a fantastic event and one in which we encourage the College community to give generously toward. Further details will be provided through the Pastoral Program and future Waratah Weekly articles.

**Pastoral Program**
The focus of service continues as part of the Pastoral Program in Term 2 with Year 5-8 groups working on service projects to complete as part of their program this term. On Monday, 23 May, two Pastoral groups visited the Queen Victoria Nursing Home and spent time with the residents there. Students entertained the residents with their talents on piano, card tricks, card games and got to know a number of the residents by having a chat. This was a great encouragement to all involved and will take place again across the course of the Term.

In Years 9 and 10 the boys and girls program continue to run and address key issues relevant to this age group. In recent sessions the boys have examined the impact of pornography and the girls have focused on healthy bodies and body image.

In T-4 service projects are being undertaken as well as organisation for the support of Operation Christmas Child. This is to support our partners at Samaritans Purse to provide Christmas boxes full of gifts to those in Third World countries. More information will be made available to students and parents about the gifts required to support this initiative and when they need to be brought to the College.
Awards
It is encouraging to see the number of students reaching Green level awards and the different categories in which these are being achieved. It is the goal of the College that all students can reach at least one Green across the award system and we would encourage students to apply themselves and get involved in the life of the College in order to do so. Congratulations to all the recent award recipients and an encouragement to others to continue to work toward achieving the goal of at least one Green award.

Year 11 Sport Lifestyle and Recreation
This term the focus in Year 11 SLR is on Resistance Training. This will involve planning and executing a training program and evaluating the success of the program. The students will be training at Gym UFO two sessions per week that they are responsible for planning, monitoring and evaluating. This is a fantastic practical way to develop skills in fitness programming with students tailoring programs to improve either strength, muscular endurance or power. Students will submit their completing programs as an assessment task at the completion of the unit toward the end of the Term.

College Photo Days 2016

Thursday, 2 June 2016
Secondary, Family/Siblings and Special Groups Photo Day
This day will include all Secondary student individual portraits, all Secondary student year groups, all family/sibling photos and all Special Groups.

Individual photos will take place in Deakin 2 and 3. All group photos will take place at the top of the front playing field, beneath Deakin rear veranda. An alternative group photo location will be advised on the day in the event of bad weather.

Order Envelopes
Individual order envelopes will be distributed to Secondary students next Monday, 30 May and should be completed and sealed with your payment as appropriate. Instructions regarding payment methods including combined payments are provided on the envelope. Students must then bring their sealed envelope to College on Secondary Photo Day to give directly to the photographer when they attend for their photographs. Please note that envelopes should NOT be returned to the College Office. Should any student forget their envelope on Photo Day, they will be provided with a replacement and parents will then be able to contact the photographer afterwards to arrange their order and payment.

Family/sibling order envelopes are available for collection from the College Office. They should similarly be completed and returned to the photographer on Secondary Photo Day.

Special Group Photographs
At 9.25 am, the following Special Group photos will be taken: Dance Company, College Band, College Choir, TOMS, Captains and Prefects, SRC 7-12, Secondary Debating, Primary Debating, Strings Ensemble, Vocal Ensemble and Streamwatch. If your child is a member of any of these Special Groups, they must attend at 9.25 am.

Family/Sibling Photographs
At 11.00 am, all family and sibling photographs will be taken. If your children wish to have a family photograph taken, they must attend at this time. Office staff will make an announcement across the College P.A. to remind all students and student helpers will be assisting students in Years T-2.

Thursday, 9 June 2016
Primary Photo Day
This day will include all Primary student individual portraits and all Primary student year groups only.

Individual photos will take place in Deakin 3. All group photos will take place at the top of the front playing field, beneath Deakin rear veranda. An alternative group photo location will be advised on the day in the event of bad weather.

Order Envelopes
Individual order envelopes have been distributed to Primary students today and should be completed and sealed with your payment as appropriate. Instructions regarding payment methods including combined payments are provided on the envelope. Students must then bring their sealed envelope to College on Primary Photo Day to give directly to the photographer when they attend for their photographs. Please note that envelopes should NOT be returned to the College Office.

Should any student forget their envelope on Photo Day, they will be provided with a replacement and parents will then be able to contact the photographer afterwards to arrange their order and payment.
UNIFORM & HAIR
I would take this opportunity to remind all parents to check the College guidelines for uniform in the College diary. Please assist by ensuring all students follow these guidelines, especially with regards to hair, hair accessories, jewellery, and make-up. Please note that NO elaborate hair styles are permitted. Students can become very upset if their hairstyle is incorrect, so please help us to avoid any issues arising by adhering strictly to the uniform guidelines. I attach below an excerpt from the College Uniform Guide regarding hair.

Hair: Should be one natural colour (original or close to original), no streaks.

Boys: Should not cover their eyes. Should be above the collar. Should be minimum length 3 for buzz-cuts. Should not be excessively spiked or messy.

Girls: Should be tied back at the nape of the neck (for safety). Should allow a hat to be easily worn. Hair adornments, eg ribbons etc need to be dark green, black or white only.

ON THE DAY
On the day, Mrs Lucy Gregory and myself will be managing the photography schedule, as well as any uniform or hair issues.

Should you have any queries, please do not hesitate to contact me at the College Office or at l.harper@wac.nsw.edu.au.

Mrs Lorna Harper
Enrolments Officer
TERM SERVICE

Students and parents are invited to attend our second Term Service for the year in the Warne Auditorium at 7.00 pm on Thursday, 23 June.

Stage 1 will be singing for us and are therefore being asked to meet their teacher at 6.50 pm for a 7.00 pm start.

All children need to wear their full winter uniform (hats are not required).

The Reverend Rob Meischke is our guest speaker and the music will be provided by Jordan Worner.

We look forward to seeing you there.

Mr Stuart McIntosh
Junior Pastoral Care Coordinator (T-4)

OPERATION CHRISTMAS CHILD

All of the children have been looking at service this term. We will be participating in Operation Christmas Child and all of the children have been asked to contribute to the boxes, which will be packed at the College with Middle School students on Monday, 20 June.

The children have been allocated the following items:

- Transition: Something to love
- Kindergarten: Something to wear
- Year 1: Something to play with
- Year 2: Something for school
- Year 3: Something special
- Year 4: Something for personal hygiene

Further details have been sent home and can be found at the following link.

YEAR 12 HISTORY EXCURSIONS

On Thursday, 9 June, Friday, 10 and Saturday, 11 June, Modern, Ancient and Extension History will be attending HSC lectures at Sydney University. This is a great opportunity to see the syllabus explored by the likes of Dr Bruce Dennett, Dr Ken Webb and Dr Phillip Cummins.

Ex students report that this day was very helpful in improving their performance in History.

YEAR 12 GEOGRAPHY FIELDWORK TO BICENTENNIAL PARK, INTER-TIDAL WETLAND

On Wednesday, 18 May students in Year 12 Geography travelled to Bicentennial Park, Sydney as part of their fieldwork requirements for the HSC course. Students studied an inter-tidal wetland ecosystem and supported their content knowledge by making observations and taking photographs, measuring and recording data at the site; all of which will assist them in their HSC Examination this year.

The students have certainly gained so much more than they could have in the class room with the numerous fieldwork opportunities they have been given over the course the Stage 6 program. They are better able to articulate the new concepts and case studies they have learnt about and have a more holistic understanding about the significant role Geography plays in their everyday lives, regardless of where their journey takes them next!

Another exhausting but equally fantastic day.

**Applications for Enrolment 2017**

Mr Croger is continuing to review applications and interview students during Dr Quarmby’s absence on long service leave. We continue to receive a steady stream of applications across all year groups and I would therefore encourage anyone interested in making an application to do so without delay, especially our existing College families looking to enrol siblings.

**Auf Deutsch bitte!**

Our students are doing a great job in the Language Perfect World Championships. At the time of writing, Wollondilly College was ranked **12th in the world for German** (out of 832 schools). We are also ranked 2nd in NSW for German. Students so far have gained 44 awards: 22 Credits, 12 Bronze, five Silver and five Gold. The competition closes on Thursday, 26 May at 5.00 pm. Well done Wollondilly students. We are very proud of your efforts.

Remember "Monolingualism is curable. Learn a second language!"

**Threadworms**

The College has been advised that cases of threadworm have been reported among students.

Often there are no symptoms but indication of infestation may include persistent scratching of the bottom and/or itchy bottom; restless sleep; loss of appetite and irritability.

Threadworms are easily spread by swallowing their tiny eggs. They often lodge under fingernails and can remain viable for up to three days.

In order to prevent the spread of threadworm, keep fingernails short and encourage thorough hand washing. Discourage children from sharing food and placing objects in their mouths.

Treatment can be obtained from your local chemist. The whole family should be treated at the same time to reduce the risk of reinfection from one member of your family to another. As worming products do not protect from reinfection and treat only the adult worms, if symptoms persist two to four weeks after initial dose, retreat if necessary.

How to Organise Your Time

Sitting down to plan your work in detail may seem like a waste of time. However, taking the time to organise makes your studying more effective:

1. You become more productive.
2. The quality of your work improves.
3. Because you know what you have done, and what you still have to do, you don't panic about "falling behind", or leaving everything until the last minute.
4. You build your confidence as a student, and enjoy the work more.
5. You enjoy your leisure time more.

The idea here is to take control of the things you have to do: aim to organise your time by making things happen rather have things happen to you. If the only thing that drives you is deadlines, you'll always find yourself pushed along by the tasks you have to complete, rather than being able to dictate for yourself the order of priorities in your workload.

In contrast, you'll find it an immensely liberating experience to have the luxury of choosing what to do and when; and all because you've planned ahead how to make use of your time, and had the determination to keep to what you have planned.

Planning Your Time

The key to it all is to impose a structure on your working time by dividing it up. This works at several levels: from the overall structure of the term, down to planning how to organise a particular week (or a particular day, or even a particular free hour).

How to organise

The best way to organise is the one that works for you. There is no golden rule that works for everyone. These are general ideas that may help you to work out your own system for organising your time.

DO:
- Work out how much time you have available, and when.
- List the tasks in hand.
- Work out priorities between these tasks. Which are more urgent?
  Make decisions about how long to spend on each task, and set targets for each work
  Organise pieces of work (essays etc…) into smaller, less daunting tasks.

DON'T:
- try to do it all at once.
- neglect any of your courses, especially those you find relatively easy (or particularly difficult).
- drift from essay deadline to essay deadline. While working on an essay in one course, you should continue reading and preparing for classes in other courses, and perhaps make initial preparations for a future task.
- allow yourself to be distracted. Stick to your timetable.

Remember to Read it. Write it down. Teach it to someone else.

Creative Arts and LOTE Co-ordinator
SECONDARY COLLEGE SPORT

Sports Uniform
Students are reminded that they MUST wear the College Tracksuit both to and from the College on Tuesdays. This has been clearly outlined for students in the WW, at assemblies and also in Roll Call. As such, uniform infringements will be handed out to any student out of uniform during these times.

MISA
This week our Girls’ teams had games against St Patrick’s College.

This is always a tough round for the girls against such a strong opposition but each of our sides showed fantastic effort. The Senior Netball side lost 26-8 but played their best game so far this term. Particular mention goes to Bree Ellul, Cate Golding and Indiah McInnes for their consistent effort and energy throughout the game. The Year 9 side also had a defeat which unfortunately has brought their undefeated streak to an end.

In Softball we were missing some of our starting side due to absences and injuries but would like to thank the extra girls who were brought in at the last minute. Final score in Softball was 0-7. Next week we play Magdalene in all sports. Let’s hope we can get a few more wins on the board next round.

CIS Rugby League
Congratulations to Tom Angel (Year 12) who was selected to represent NSW CIS at the upcoming U/18’s Australian Schoolboys Championships. Tom has been a regular selection in the CIS side in previous years and we wish him all the best for the week long tournament in Brisbane.

NASSA Athletics
Students are reminded to check the sports noticeboard to see if they have been selected to represent WAC at the NASSA Athletics Carnival. Students can collect the permission note from Mr Goldsbrough as well as a print out of each event the students are competing in.

Upcoming Events:
AICES Cross Country 2 June
CSSA Gymnastics 9 June
NASSA Athletics 15 June

If God is supposed to be so loving why does he let so much suffering happen in our world? Good question. Part of the answer is that much of the suffering it’s due to our own making. He had originally appointed us to look after His world for Him, under His authority. But we have rejected His rule and all act like little gods just doing what suits us. We often compete against one another. So, if we ask ourselves, “How are we going looking after the world?” the answer must be, “Not well!” We make a mess of our lives, our society and the world. Will God let this go on forever …?
PRAYER POINTS

Thank God
- For our staff involved in the various Pastoral Care programs in the College.
- For our staff involved in the various extra-curricular activities in the College.
- For the opportunities we have to discuss our faith with our students.
- For the safe return of Dr and Mrs Quarmby.

Ask God
- To continue to support Alan and Helen Wood in their mission work in Indonesia.
- For His daily blessings to continue.
- For a wisdom and guidance in future planning.
