

## THE WARATAH WEEKLY

### *Begin with the End in Mind*

#### In Flanders Fields

In Flanders Field, the poppies blow  
Between the crosses, row on row,  
That mark our place: and in the sky  
The larks, still bravely singing, fly  
Scarce heard amid the guns below.

We are the dead. Short days ago  
We lived, felt dawn, saw sunset glow.  
Loved and were loved, and now we lie  
In Flanders fields.

Take up our quarrel with the foe:  
To you from failing hands we throw  
The torch: be yours to hold it high.  
If ye break faith with us who die  
We shall not sleep, though poppies grow  
In Flanders fields.

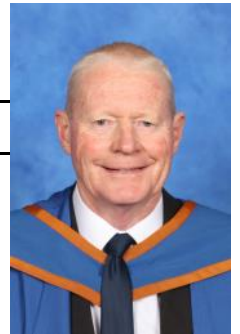

The poppy is the most obvious visual symbol for Remembrance Day which took place today Wednesday, 11 November. It grew on the battlefields of Western France during the First World War I and was immortalised in John MacRae's poem In Flanders Fields.

It is a reminder of those who died on those battlefields but at the same time, like the cross, it is a symbol of life and hope emerging from a place of darkness and horror.

There is a strong connection between hope and wisdom. Without hope, we struggle to stay the course, and we make foolish, impulsive mistakes. We are at times faced with a world of hate, violence, death, anger and negativity.

Jesus provides hope - a different way of viewing things and a gift that is freely given to us, despite it coming as a great cost to Him. All we have to do is accept it. With hope, we discover stamina and perseverance we didn't know we had, and we are able to slow ourselves down and move beyond our fear to the choices that bring life. We are able to connect with people, build community, show love, compassion, kindness and justice.

*(Geraldine Clarkson, Picton Uniting Church)*

## Professional Development Days

The November Professional Development (PD) days provide a great opportunity for staff to take a step back from classroom teaching and undertake some mandatory PD in areas such as Anaphylaxis and Child Protection. Staff will also be using this time to plan for 2021 and the NESA inspection that occurs in all Independent Schools every five years. We trust the extra two day break for students will allow them to recharge their batteries for a final push to the end of the year.

## Peter Hazlewood Memorial Garden

When students return to the College on Monday, they may notice a new tree and plaque in the garden outside of the Deakin classrooms. The tree has been planted as a memorial to Mr Hazlewood and was specifically chosen to reflect his character. The strong and rough bark that will develop in time, speak to his masculinity and strength. The soft leaves reflect his gentle, caring heart and love of Christ that he shared with many of us.

## CREATIVE ARTS NEWS/LANGUAGE NEWS

---

### MADDD Night - Postponed

In years past we have held a MADDD (Music, Art, Dance, Drama and Deutsch) Night at the College to showcase all of the work being completed in classes across all of the Secondary Creative Arts and Languages subjects.

This year COVID-19 restrictions have forced us to develop an alternative plan. We hope to launch a MADDD Night website. However, we have now delayed the launch to allow for improvements to be made to the final site. Once launched, the website will be accessed via a link on the College website and will be available for one week. Please check next week's Waratah Weekly for further information.

### Instrument Return

Parents of Year 4 students will have received a notification via the Edumate Parent App regarding instrument return/renewal. This requires parents to complete a survey on behalf of their child. Please consult the notifications received for further instructions.

Year 6 students will return their instruments in their normal Primary Band lesson over the coming weeks.

# ACTING PASTORAL CARE T-12

## Learning For Life at Wollondilly - Cared for and Caring

'Pride in Belonging' is a core distinctive of the College, a value which we aim to promote and instill across our student body. Students are encouraged to care for each other, demonstrate kindness and be respectful in their interactions with staff and their peers.

There are many opportunities for students to develop their skills and model these important values through various positions of leadership and responsibility. In particular, the roles of Transport Monitor, Peer Support Leader, and Primary, Middle or Senior Years Captain.

## Transport Monitors

The following senior students have been selected as a Transport Monitor for the remainder of Term 4, 2020 to 2021. Within this role, the Transport Monitor will be attentive to what is occurring during travel time, communicate any issues to relevant staff and will provide support when necessary. There will be an opportunity this Term for the Transport Monitors to visit junior classes to introduce themselves and talk about their role.

## Peer Support Leaders

A group of Year 9 students have expressed their interest and been selected to participate in a two-day workshop at the College, focusing on the role of Peer Support Leader in 2021. The Peer Support program runs throughout Term 1 and involves supporting Year 7 students as they transition into the Secondary years. During the workshop, students will learn about personal characteristics, leadership qualities, communication skills and strategies for dealing with group activities. In previous years, this has been a very successful program and we look forward to continuing this for 2021.

## Primary, Middle and Senior Years Captains

The nomination and selection process for Primary, Middle and Senior Years Captains 2021 is well underway. It has been encouraging to see so many male and female students put themselves forward for this leadership position. The process has involved students reflecting on their individual strengths, and presenting ways in which they would serve and represent the College, in this role, if granted the opportunity. Both staff and particular year groups have the opportunity to vote for a male and female candidate. Primary, Middle and Senior Years Captains will be announced during the Formal Assemblies at the end of the Term.

Well done to all the student nominees!

## Welcome College Captain Ethan Schultz

To the stalwart reader of this week's edition of the Waratah Weekly, my name is Ethan Schultz, and I am the male College Captain for the rest of this year and most of next! I love all things creative, like music, film and literature. I am a drummer, and have been for the past 9-ish years. I often spend my free time reading, or listening to music having started down the rabbit hole of collecting records. If I could draw I definitely would, but I simply don't have the patience! I came to this College around this time last year, and every single day I feel God's blessing in my life because of it. All of the teachers here obviously care for both the wellbeing and success of their students; and it is evident in the lesson plans, and thoughtful observations they make on our work. But as a Christian, it is the gospel-rich preparation of the inevitability of life in and through the world to our eventual departure, which sets this College apart in my eyes. My Prefect Portfolio is Christian Leadership, which would entail (in a less pandemic world), visiting every Chapel and Christian group; as well as contributing in Christian Studies lessons, and relational evangelism. However, sadly, to avoid 'cross-year-group-contamination' I'm limited to the Senior Precinct. I am extremely excited about the prospect of serving this College, and the community in 2021, and I hope for many opportunities to serve Christ and his Church in the years beyond!

**Mrs Emily Madden**  
**Acting Director of Pastoral Care T-12**

## Positive Ways to Use Screen Time

Before the pandemic, electronic media use was already the most popular leisure-time activity for 7-18 year olds, and the Pandemic has meant that children's screen time has increased. Some estimates say that children are now spending 50% more time in front of screens since the start of Pandemic. This has been essential for all of us in coping with the Pandemic, allowing us to work from home, attend the College from home, and maintain relationships with family and friends, but it may also have a long-term impact on the development of children if not monitored properly.

A recent study shows how much using electronic media can impact a child's development. The study looked at children's daily amount of screen time (watching TV, using a computer, or playing video games) and how it impacted their academic performance. It found that watching TV for two hours a day or using a computer for one hour a day had an impact on academic performance. Interestingly, no links were found between playing video games and children's academic performance.

It is important to remember that not all screen time is created equal. In the above study, watching a TV and using a computer were found to have an impact on performance, while playing video games had no impact. What differentiates these activities? One possible explanation for this is that watching TV is a passive activity, meaning that there is no real input needed from someone during the activity. Video games, however, are active, requiring the person playing them to use a number of skills (including problem solving, fine motor skills, and some social interactions) to progress.

As technology continues to evolve, it is important to understand the positive effects that technology can have. A phrase that has become popular recently is 'positive screen time'. This means using screen time (which is almost inevitable these days) as a way to teach children new skills and concepts, as well as developing relationships with children and people around you. Some ways to turn screen time into positive screen time are:

- Technology doesn't have to be consumed independently. Setting aside some time to watch shows or play video games together is a great opportunity for family bonding. Studies also show that by just having a parent watching a show with them, kids are more likely to pay attention to the show, and get more from any lessons the show is trying to present.
- Some apps and games incorporate exercise and physical activities. Some of these apps use AR (Augmented Reality) to encourage you to explore the world around you, while others use special accessories to promote physical activity (eg the Nintendo Switch). Taking advantage of these will promote physical health while still keeping people engaged.
- Screen time can teach kids great independence skills. If they have a question that no one knows the answer to, they can look for that information online. If they want to learn a new skill, they can search for tutorials and how-to videos.

### Years 7-9 Pool Day

As mentioned in last week's Waratah Weekly the Years 7-9 Pool Day will go ahead on Wednesday, 9 December. The modified format is still being finalised but I look forward to a fun day to culminate what has been an extraordinary year!

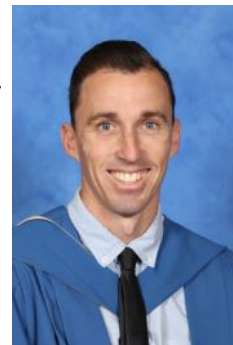

More details will be distributed to students and parents/carers over the coming weeks so watch this space.

### 2021 House Captains

Year 10 students are reminded to submit their 2021 House Captain nomination form. These have been emailed out to all students. As it is an online nomination, the nominations will remain open until 2.00 pm, Friday, 13 November (Staff Professional Development Day).

Students are reminded that these positions are based on leadership skills, College contribution and participation. As such, students are not judged on their athletic ability but rather their ability to fulfil the role, which goes beyond the sporting context.

# PRETEND HEADMASTERS

**Pretend Headmaster - Amelia Valentine (KJ) is browsing the shelves for the perfect book to borrow for the last time this year.**

**Reminder - Week 6 is the last week to borrow books from our College Libraries.**

**All books need to be returned in Week 7 to help our wonderful College Library Staff.**

## Prayer Points

### Please Thank God:

- That He provides us with grace, hope, love, joy and peace.
- For the sacrifice of His son for us.
- For the progress on the Quarmby Cottage.

### Please Ask God:

- To keep our Year 12 students safe as they finish their HSC examinations.
- For strength and progression to recovery for those in our community who are unwell and are facing significant illnesses.
- For wisdom as we negotiate the changes in the COVID restrictions for schools.

*Psalm 127:1 Unless the Lord builds the house, its builders labour in vain.*

**Excellence, Endurance, Eternity.**
