1. Rationale

Wollondilly Anglican College recognises that all people are made in God's image and have the capacity for curiosity, critical thinking and creativity. As image bearers, all students have been blessed with gifts and talents and the College is committed to the provision of strong academic and pastoral care foundations necessary to encourage students with academic and creative gifts to excel. The awarding of scholarships is intended to provide families with financial support to further a student's education and reward achievement and effort.

Through their discipline, scholarship recipients are expected to be committed to the pursuit of excellence, including academic excellence. Likewise, scholarship holders will value and seek to enhance the sense of community in the College and foster the ideal of pride in belonging through their gifts and talents.

Scholarship holders are also expected to uphold and contribute to the College's 3 distinct strategic pillars of Learning, Care and Culture. These are outlined below.

Learning

We will provide high-quality teaching in every classroom, and in every lesson so that all students experience consistently high levels of academic growth.

Our ongoing pursuit for excellence in Teaching and Learning:

- Students will understand God's plan for humanity (Creation, Fall, Redemption, Renewal)
- All teachers will continue to provide outstanding lessons using the Explicit Instruction approach.
- We will see ongoing improvements in; external and internal academic benchmarks, student engagement, and commitment to excellence in their own learning.
- There will be high levels of understanding of Explicit Instruction amongst the broader Wollondilly community (Parents and Students)

Care

Our aim is for every student to be cared for, feel connected to teachers and peers, and experience the safe, loving community that Jesus calls us to provide.

Our ongoing pursuit for excellence in Pastoral Care:

- Students will understand God's plan for them as an individual
- Every student is cared for, valued and known
- All students can identify people within the College that care for them and know them well
- All students are connected to a supportive, friendship group
- All students are connected to an extracurricular group

- We will see ongoing improvements in positive interactions between students (classroom, and playground).
- Our students and parents speak positively about their school experience; students enjoy coming to school

Culture

We will support all staff and students, within a Christ-centred community, to achieve and contribute to the continued high expectations of the College.

Our ongoing pursuit for excellence in behaviour and expectation:

- All staff are aware of, and reinforce, the cultural markers that define a Wollondilly education
- All students articulate, demonstrate and reinforce the high expectations of the College:
 - Servant Hearted
 - Caring
 - Respectful
